We acknowledge the Traditional Custodians of the land on which we live, work and
play. We pay our respects to Darkinjung Country, and Elders past and present. We
recognise the continued connection to these lands and waterways and extend this
acknowledgement to the homelands and stories of those who also call this place
home. We recognise our future leaders and the shared responsibility to care for and
protect our place and people.

Experience the Central Coast's Creative Journey.

You will discover a curated trail of over 50 artist studios, workshops and creative spaces, all open for one weekend only.

Meet the makers. Watch artists at work. Hear the stories behind every piece. From painters to potters, woodworkers to florists, this is your chance to experience creativity as it happens. Don't miss out!

Follow the trail. Meet the artists. Take something home.

This is a rare opportunity to:

- Buy directly from local makers and take home one-of-a-kind pieces
- Take part in hands-on workshops and creative activities
- Connect with the region's most talented artists in their own spaces

Every studio tells a story, and every stop offers something different.
